 **AIRSTREAM**[®]

Inspiring adventure for more than 85 years

This latest fleet of Airstream caravans continues the tradition of extraordinary design and hand-crafted quality that has made Airstream world-famous. Following the Wally Byam's credo, "Let's not make changes, let's make only improvements," this fleet offers the latest technology advancements and conveniences in a way that is distinctly Airstream. With caravans perfect for everyone, from first-timers to seasoned Airstreamers, you're sure to find an ideal for the adventure that awaits you around the next bend.

Its sophisticated stylish design with Corian® work surfaces, premium fabrics, rich colours and plush leather seating make this luxury on wheels. Thoughtfully concealed storage adds an element of practicality and functionality to a premium design. The effect? A feeling of relaxed modernism, a perfect fit for iconic Airstream.

A whole new world of experience

The Airstream is a dream written in metal, wood and glass. You see it from the perfectly riveted aluminium, to the gleaming cabinetry, to the windows – which are everywhere. Whether you are lounging on one of the couches or spending a late morning in bed, you can choose between a panoramic view bathed in natural light – or draw the blinds to spend the day in cosy seclusion.

Weights

Live Riveted Dream. Travel. Explore.

Airstreams are built to go places – to withstand the test of time with enduring quality, design and integrity. Since the first Airstreams were riveted together in 1932, we’ve helped our customers explore a world of new experiences in comfort and luxury. This journey can take you anywhere, but there’s only one way to get there – in an Airstream of your own.
